

ATTENTION FOR ALL RETIREES

1. Approximately 20% of the Officers who retire every month are AWHO allottees.
2. Amongst them, the data suggests that roughly 60% of the affected retirees have either not (NOT) registered their property or not (NOT) submitted a notarized copy of the same to the Marketing Section. Further, the AWHO property of about 10% affected retirees, remain marked against Mortgage (Loanees), as they have not updated their '**NO DUES**' to us.
3. All affected AWHO allottees, before retirement, are requested to ensure above necessary rectifications. Also, all concerned are requested to update their Name (if any change as per PPO), Co-Owner's Name, WILL, Address, Contact Number and E-mail for our records.
